this book is part of the proceedings of the international conference on recent developments in statistics econometrics and forecasting 2010 which was organized to provide opportunities for academics and researchers to share their knowledge on recent developments in this area the conference featured the most up to date research results and applications in statistics econometrics and forecasting the book has fifteen chapters contributed by different authors and can be divided into five parts time series and econometric modeling linear models non parametrics statistical applications and statistical methodology this book will be helpful to graduate students researchers and applied statisticians working in the area of time series statistical and econometric modeling

this book allows readers to gain an in depth understanding of the role of real world data in

pharmacoepidemiology and highlights the strengths and limitations of the respective databases with regard to pharmacoepidemiological research over the past decade the increasing use of real world data in pharmacoepidemiological research has been accompanied by a growing recognition of the value of real world evidence in clinical and regulatory decision making electronic healthcare databases allow analyses of drug and vaccine utilization in routine care after approval as well as investigations of their comparative effectiveness and safety they are especially useful for the identification of rare risks and rare drug exposures over long periods of time and as such sustainably extend the basis for drug safety research this book provides an introduction to the role of real world data in pharmacoepidemiological research and the main developments in the last 15 years it also offers a comprehensive overview of the general classification characteristics of databases together with their strengths and limitations and a detailed description of 21 individual databases written by professionals who work with or maintain them

this book explores dominance in australia s medical culture through the positioning of international medical graduates imgs it argues that imgs are othered and ultimately positioned as an underclass a positioning validated and reinforced by the intersecting inequalities of class race and nation it also suggests that the positioning of imgs is organised through the dimensions of structural power hegemonic power and interpersonal power which allow an exploration of power relations between the structures of the health system the Australian medical profession and the agency of imgs the Australian narrative presented to the world espouses a community of social justice and human rights instead an historical lens traces the formation and persistence of difference represented in ethnocentrism racism and xenophobia from 1788 to the present the research presented is multidisciplinary in scope an anti oppressive theoretical framework enables the voices of lived experience to penetrate throughout and a social justice platform engages the participants and the reader into the interwoven conversations the data set comprises a focus group 10 individual interviews with imgs and a selection of inquiry submissions revealing rich and sometimes shocking evidence to paint a stark picture other medical voices join the conversation via media responses to revelations of experiences not only by imgs but also by Australian trained doctors it exposes a toxic culture endemic with bullying and sexual harassment this book is of interest to practitioners researchers and administrators in the fields of medical education human resource management legal studies health sciences social sciences health services government departments universities and hospitals as well as those tasked with duty of care and the provision of a safe workplace the voices gifted to this study raise awareness of

current issues within medicine in australia at a very personal level and begin to formulate a policy and practical response to address these disturbing revelations

this pearson original edition is published specifically for swinburne university and open university australia
